

Avigilon Alta A5 Dome Camera

Avigilon Alta Cloud Security

The AI-powered Avigilon Alta A5 Dome Camera for Alta Video provides versatile, robust security in indoor and outdoor environments. With up to 4K resolution, remote zoom and focus, HDR and IR illumination, the Dome security camera provides crisp, clear images even in challenging lighting conditions. On-camera storage and processing and cloud management minimize physical infrastructure, enabling plug and play configuration for fast deployments. Intelligent video and audio analytics help detect threats in real-time, and provide valuable insights to improve operations.

Fixed IR dome with motorized zoom and focus

Built-in AI video and audio analytics and on-device storage

Versatile, robust and sleek, fit for both the harshest outdoor and discreet indoor setups

Factory-installed certificates backed by a trusted platform module (TPM)

Dynamic resolution up to 4K

NDAA-Compliant: designed and developed in Norway and the UK, manufactured in Taiwan
