Strengthen monitoring capabilities

Tackle more use cases and improve the protection of large areas by integrating the H6A PTZ into your existing fixed cameras set-up for unparalleled situational awareness.

Increase coverage with less

A single H6A PTZ can monitor multiple angles and areas, allowing you to reduce the number of cameras needed and lowering your total cost of ownership.

Deploy where you need it

For indoor applications, leverage the in-ceiling mount for a more discreet solution. For outdoors, deploy the weather and vandal-proof pendant mount for optimal durability.

Capture every detail in real-time

Get a close-up look at evidentiary detail with up to 30x zoom. When incidents arise, swiftly direct the H6A PTZ to where you need it to manually track and capture critical events.

Stay ahead with AI-powered video

Take action before an incident escalates with AI-powered video analytics to proactively alert you of potentially critical events.

Trust that your data is secured

Avigilon Alta video security solutions are built on a trusted, cybersecure platform that protects your data end-to-end from the camera to the cloud.
